

Last Chance Love

(words and music by Brooks Williams, © 2010)

verse 1

Are you afraid that last chance love is passing you by?
While you sit on the fence that bird's gonna fly
Are you a-fraid that what you once had known
Is all that will be?
But it's the other guy who broke your heart _____ not me.

chorus

Maybe it's hard to see
____ Maybe you're coming to know
____ When you're waiting at the station
____ The trains they come and they go
____ Step up to the platform
Be-cause _____ you can't give up on love

verse 2

Are you a-fraid that hap—pi—ness always flies a-way
And you've said your last good-bye to the best part of the day
Are you a-fraid the walls will tumble down
In a heap of dust
If you open up your heart and dare to trust (a-gain)
